IHSAA News

This association and its' council have nothing to do with the re-alignment of the IHSAA state tournament. The new cross country alignment will be announced on June 21st based on the IHSAA decision.

We make proposals to the IHSAA about the tournament structure. We would be able to make a proposal after this fall's cross country season about the number of levels. Discussion about this will take place at the 2007 cross country clinic.
